Preparing and Submitting Electronic Artwork Guidelines

When preparing artwork

Our art department can accept files from most professional and graphics software. GIFS are not acceptable, please call us to discuss an alternative solution. All artwork should be saved as CMYK and at a minimum of 150 dpi full size at 40 x 72(average size of a vending machine). If available, please send the files in the format they were created in.

We accept files in:
- Adobe Acrobat PDF
- Adobe Photoshop CS5 or earlier
- Adobe Illustrator CS5 or earlier
- TIFF
- EPS

Please include all elements used to create the document such as:
- Any TIFF files within the document
- Any EPS file with in the document
- All fonts, including both printer and screen fonts

In multi-SPOT color, documents must use colors form the Pantone Matching Systems (PMS) Library

Build files at 100% when possible.
